REPUBLICANS SPLIT AGAIN

Charlottesville, Sept. 14.—The Republicans of the Seventh Congressional district met here today in two conventions, both held in the same hall, at the same time, each of the two factions naming a chairman and secretary, who conducted their respective conventions from the same platform.

C. M. Gibbons, of Winchester, was elected chairman and E. D. Ott, of Harrisonburg, secretary of one convention, and B. B. Bowman, of Shenandoah, was elected chairman of the other convention. Neither convention recognized the existence of the other.

The convention presided over by Bowman nominated John Paul, of Harrisonburg, for Congress, and the convention presided over by Gibbons nominated H. S. Lupton, of Frederick county, for Congress.

The republican hosts gathered in the court house at 2 o'clock and in less than twenty minutes the whole thing was over. Mayor Hayden, of Charlottesville, was expected to be present and address the meeting, but he never appeared; at any rate nobody heard anything of him. Probably he was waiting for the uproar to subside.

As to the happenings of the day: The regular district chairman, L. H. Zirkle, of Shenandoah, was absent, and thereupon the district committee called upon one of their number, W. B. Gentry, of Green county, to preside. Mr. Gentry called the house to order and Col. C. M. Gibbons, of Winchester, was made chairman, with S. G. Allen, of Front Royal, secretary.

At this juncture Hugh C. Lupton was nominated by that portion of the party with which the Acker-Keelzle-Ott faction in Rockingham and the Davis-Hoffman-French faction in Shenandoah are identified.

At the same time that the above proceedings started the other portion of the party, known in Rockingham as the Lewis-Hammer-Paul faction or the Hammer Anti-Organization forces, and the Logan-Hutchinson-Bowman faction, of Shenandoah, known as the Organization, also got in action. While Mr. Gentry was calling the house to order, Mr. B. B. Bowman, of Shenandoah, also called the house to order. Neither got the order which they called long and loud for.

Both sides went through the form of a convention amidst noise and confusion indescribable. Everybody in the hall stood up. And as each chairman rapped for order the delegates on each side tried to drown out the other. There were hoots, cries and waving of hands and a variety, on demonstrations all calculated to make for anything but harmony in that Grand Old-Party of Federal Office Seekers.

In the midst of the confusion Postmaster Keelzle, of Harrisonburg, could be seen standing on top of a table nominating in a loud voice the Honorable Hugh C. Lupton, of Winchester; and in an equally loud voice offering the names of the state committee. The two presiding officers of the two conventions stood on the same platform within a few feet of each other and presided. No wonder that each side got the idea that the other side had been linked to a finish.

On the Lupton side E. D. Ott was made chairman of the Congressional Committee, with the following members of the State Committee: T. J. Berry, M. H. Harrison, W. B. Gentry, M. S. Bowman and W. J. Carley.

On the Paul side L. Harper Zirkle was elected chairman of the Congressional committee and the following were chosen for the State Committee: T. J. Berry, A. P. Funkhouser, Hunter N. Kern, J. L. Borden, and James L. Humbert.

The Lupton convention finished its business and left the hall, having duly adjourned and this it was that probably started the report that the Acker-Keelzle faction had bolted and gone to the hotel to hold another convention. It appears that the conventions were held amidst such disorder that members of the other convention did not know what was going on.

The Lupton forces had 31 1-2 contested delegates as follows: Page 8; Green 5; Madison 5; Warren 2; Rappahannock, 1 1-2; Clarke 3; Frederick 5; Albemarle 2.

The Paul forces had 71 1-2 contested delegates as follows: City of Winchester 6; Rappahannock, 1 1-2; Charlottesville 1.

All 48 delegates from Shenandoah and Rockingham were contested.

Jones May Oppose Martin.

Norfolk, Va., Sept. 11.—It was stated here tonight among those who are heading the Democratic insurgency, which has arisen in strength to overthrow machine politics in the city, Congressional district and State, as well as to champion reforms in government, that William A. Jones, representative in Congress from the First Virginia district, would oppose Thomas A. Martin for the United States Senate when the Senator comes up for re-election.

The insurgents are in a humor to wage a bitter warfare on the established party powers. Congressman Jones was at Old Point Comfort today but left there this afternoon for an unknown destination.

MOSBY'S MEN ASSEMBLE

Herndon, Sept. 11.—Nearly an even hundred survivors of the Forty-third Battalion of Cavalry, better known to history as "Mosby's Men," answered the roll call on the sixteenth annual reunion of the command at this place yesterday. It was estimated that about 150 veterans of the eight companies of Colonel Mosby, who made guerrilla warfare famous, are living, and before the reunion ended in the afternoon with a big oratorical rally in Darlington's woods, east of Herndon, 96 members of the State of Virginia and from Washington and Baltimore, and several thousand loyal sons and pretty daughters of the Old Dominion attended the meeting.

The one poignant regret of the reunion was that developed through the failure of Colonel Mosby to attend. Many of his boys had hoped that he would this time participate in the celebration, but he adhered to his unbroken custom of 15 years in not attending the gatherings of his own men.

Officers of the ensuing year were elected as follows: Col. Wm. H. Chapman, of Richmond, commander; W. B. Palmer, of Richmond, first lieutenant; Major Edward Shacklett, of Delaplane, adjutant; and Treasurer, Rev. F. A. Strother, of Fairfax, chaplain.

At the invitation of the Mayor and Council of Manassas the next annual meeting will be held at that place.

At the grove Major Stevens, of Herndon, delivered an address of welcome, to which T. B. Bryan, of Richmond, son of one of Mosby's men, responded. Eloquent addresses were made by Representative C. C. Corlin, of Alexandria, and Major Robert W. Hunter, of Winchester, while Polk Miller, of Richmond, told negro stories. Miss Edna Moore sang. Then the veterans assembled under the trees for a parting prayer by Rev. L. R. Mason, of Richmond.

The proposition for a monument to Col Mosby and his men was not broached. When survivors of the command were asked about it they stated that such a movement began several years ago, but Colonel Mosby threw cold water upon it by saying he thought it improper to erect such a monument during his life.

Only once in the history of these celebrations has he attended, and that was during the first reunion at Alexandria, 16 years ago.

General Baron Von Massow is probably the only survivor of Mosby's command who lives in a foreign land, and he sent a cablegram.

The Baron served throughout the Franco-Prussian War, became head of an army of division and finally commanded the entire German Cavalry Corps, and later served in the council of the Empire.

Herndon was gallily decorated with Confederate flags mingled with the stars and stripes in honor of their guests.

Explosion On North Dakota.

Newport News, Va., Sept. 9.—That it was necessary to sacrifice the lives of the three men who died following the explosion on board the battleship North Dakota yesterday in order to save the ship from destruction from an explosion of the magazines, was the testimony of several of the members of the crew before the naval board of inquiry which convened on board the hospital ship Solace this morning.

The witnesses comprised all of the injured who were able to testify. All declared that in their belief that men were not killed by fire, but were drowned. The victims were overcome by fumes and gases, they said, and hence were unable to save themselves when the room was flooded.

Dynamiters Still Busy.

Luray, Va., Sept. 12.—Following the blowing up several days ago of the tollgate on the New Market and Sperryville turnpike, in the suburbs of Luray, and the sending of threatening letters to the keeper of the gate, Mr. Hiram Holmes, dynamite has been used on the iron bridge across the pike about four miles east of Luray. The bridge was built a short time ago by Bailly Bros., of Luray, who not long since bought that portion of the thoroughfare, which is the principal one from Eastern Virginia to the Shenandoah Valley.

A posse armed with Winchester rifles surrounded the hiding place of the desperado, bent on taking him, dead or alive. Blenkinship's father appeared at the mouth of the cave and promised to turn his son over to the authorities if no harm was done him.

The leader promised that the law should take its course, and Blenkinship was hurried away to Williamson, where he is now in jail.

A heavy guard is being kept over the jail, for fear friends of Dr. Hatfield may attempt to mete summary justice upon the accused man.

Blenkinship, who is a young man, had been hiding in the cave, which is near the scene of the murder, for a week.
